

Write the valence (charge) on the following ions:

H _____

Ca _____

B _____

Al _____

Cs _____

O _____

Be _____

Kr _____

He _____

Na _____

Cl _____

F _____

Si _____

C _____

S _____

Se _____

N _____

Ba _____

Mg _____

Fe (III) _____

Sn (IV) _____

Write the chemical formula for the following binary compounds.

Sodium Chloride _____

Potassium Fluoride _____

Sodium Sulfide _____

Lithium Bromide _____

Rubidium Chloride _____

Cesium Oxide _____

Lithium Nitride _____

Magnesium Chloride _____

Bobbing for poodles
