

Adobe Creative Cloud

RHP & ADOBE CREATIVE CLOUD

Hello Parents or Guardians,

Rio Hondo Preparatory School is excited to provide your student with access to the entire collection of Adobe Creative Cloud applications, both in the classroom and at home.

Creative Cloud is used by students, teachers, and professionals around the world to create powerful photos, images, videos, presentations, and digital media experiences. Applications include Adobe Photoshop, Illustrator, InDesign, and Premiere Pro. For more information, visit www.adobe.com/creativecloud.

We will be using Adobe apps in our classes this year to work on projects and homework assignments. At home, your student can access Creative Cloud apps at www.adobe.com.

- To login on any device, please go to www.adobe.com and click on **Sign In** on the top right
- You may now sign into your Adobe enterprise account by clicking on the **Continue with Google** button and entering your RHP **GOOGLE** username and password on the following screens.

The first screenshot shows the Adobe Creative Cloud 'Sign in' page. It features a 'New user? Create an account' link, an 'Email address' input field, and a 'Continue' button. Below this, there is an 'Or' separator and three social login options: 'Continue with Google', 'Continue with Facebook', and 'Continue with Apple'. A red arrow points to the 'Continue with Google' button.

The second screenshot shows the 'Sign in with Google' page. It has a title 'Sign in with Google' and a subtitle 'Sign in to continue to adobe.com'. There is an 'Email or phone' input field containing the text 'student1@rhprep.org', a 'Forgot email?' link, a 'Create account' link, and a 'Next' button. A red arrow points to the 'Next' button.

- Once you have logged into your Adobe account, we recommend downloading and installing the Creative Cloud app to your computer. The Creative Cloud app will keep all your Adobe software up to date with the latest software updates.
- Finally choose which apps you wish to install. Be sure to check system requirements prior to installation. Your RHP account gives you access to professional software including Photoshop, Illustrator, Acrobat DC, InDesign, XD, Lightroom, Premiere Pro, Premiere Rush, After Effects, Dreamweaver, Media Encoder, Audition and more!
